

KIMTECH SCIENCE* KIMWIPES® and KAYDRY®

Delicate Task Wipers Light duty tasks for delicate and precision wiping

The industry standard for lab and research settings

For over 60 years, Kimberly-Clark has set the standard for lab and delicate surface wiping. **KIMTECH SCIENCE* KIMWIPES®** Wipers and **KIMTECH SCIENCE* KAYDRY®** Wipers are versatile options for critical and delicate tasks such as lab cleaning, surface/parts cleaning, instrument cleaning and lens cleaning.

Choose **KIMTECH SCIENCE* KIMWIPES®** Wipers for their versatility and proven performance. For increased absorbency, choose 2-ply **KIMTECH SCIENCE* KAYDRY®** Wipers.

Features :

- Low lint and low extractables
- Gentle texture won't scratch delicate surfaces when used wet
- Absorbent; easily wipes up liquids and dust
- Handy POP-UP® Box dispenses one at a time and is portable for convenient use
- LINTGUARD® Anti-stat Polyshield helps further reduce lint and static buildup
- Controlled usage-one-a-time dispensing provided by POP-UP® Box
